

Dear UIPM President Mr.Klaus Schormann

Dear UIPM Secretary General Mrs.Shiny Fang

Dear UIPM Executive Board members

We, the undersigned six National Modern Pentathlon Federation Presidents, request that at the next UIPM Executive Board meeting in Budapest Hungary the following item be included in the agenda. The temporary withdrawal of their mandates of authority and office of all elected representatives of the Russian Federation and the Belorussian Republic until cessation of the Russian Federation's invasion of the sovereign Republic of Ukraine and until the full withdrawal of the Russian armed forces from within the internationally recognized borders of the Republic of Ukraine. This would include: UIPM Executive Board members, UIPM Commission leaders and members, and UIPM Continental (ECMP) Presidents and Executive Board members.

We find the current situation in Ukraine completely unacceptable. A war, initiated by Russia, a war against democratic values, a war that indiscriminately and brutally kills civilians. A war that kills children, the handicapped, and the elderly. A war that destroys cities and their infrastructure. A war that openly attacks 21st century democratic principles and individual freedoms.

We support the territorial integrity of Ukraine in Peace!
