Nation Germany

Date Nov 5, 2022 - Nov 6, 2022

Participation INTERNATIONAL OPEN
The number of participants is unlimited.

Classification Wheelchair fencers welcome
Priority is given to international classification. If there is a difference between international and national classification, international classification always applies. A change in the international classification will only be accepted if it has been made by the approved classifier and confirmed in writing. The change of an international classification will only be accepted, when two approved national classifiers have done a reclassification and the athlete will not start internationally anymore. If no international classification is available, the national classification counts. Only classified athletes are eligible to start (see classification list)! Athletes who are not included in the official classification list can be reported. For the classification it is necessary to show an identification, the athlete form (<https://www.dbs-npc.de/downloads-1128.html>), a medical diagnostic form - which may be completed in German (<http://iwasf.com/iwasf/index.cfm/sports/iwas-wheelchair-fencing/classification1/>), medical documents which explain the diagnosis, as well as to bring the fencing chair, a weapon and all assisting equipment. Fencers under 18 years have to be accompanied by a parent, coach, Physio, ... seinen Klassifizierer vorgenommen und schriftlich bestätigt wurde. Liegt keine internationale Klassifizierung vor, so gilt die nationale Klassifizierung des zuständigen DBS-Verbandsarztes. Nur klassifizierte SportlerInnen sind startberechtigt (vgl. Klassifizierungsliste)! SportlerInnen, die nicht in der offiziellen Klassifizierungsliste enthalten sind können gemeldet werden, wenn der Meldung ein komplett ausgefüllter funktioneller Untersuchungsbogen des DBS (vgl. Abschnitt F.1.1 im DBS - Handbuch) beigelegt wird.
